AN ILLINOIS CONSIGNMENT.

U. S. SILVER DOLLARS.

Lot No.

1—1794 Head of Liberty R., 7 stars before and 8 behind head. LIBERTY above, date below. Reverse UNITED STATES OF AMERICA; Eagle standing on clouds within wreath. Edge, HUNDRED CENTS, ONE DOLLAR OR UNIT. Good. Letters, stars and date on obv. all showing plainly. Light scratches in field before neck, and letter E scratched on neck of Liberty. Rev., tops of UNITED STATES a trifle faint; letter E scratched in field under eagle's head, two minute nicks on edge. The first issue of the dollars, and extremely rare. Notwithstanding the few defects above mentioned—which hardly mar the piece, and which do not defect the coin as the description may signify—it is as good as generally found and worthy of a home in any cabinet.

LARGE CENTS.

SOME CHOICE SPECIMENS.

122—1793. Chain. "Ameri." Two dents on obv. edges nicked. The date legible, and all letters of obv. and rev. very plain. Aside from the two dents mentioned the coin is very fair. Doughty No. 1, Rarity 6. Rarely found fine.

123—1793. Liberty cap, and lettered edge. Doughty No. 13, Rarity 5. The obverse is very fair, while the reverse is barely fair. This is about the scarcest variety of the 1793 cents and seldom found better. Rare.

124—1793. Wreath, sprig over date; lettered edge. Doughty No. 12, Rarity 4. The coin shows little wear, but it seems to have been battered on the edges, making the borders somewhat projected. However, it is a desirable cent, in desirable preservation.

125—1794. Hays No. 49. Slight nicks on obv.; otherwise very good; almost fine for coin.

126—1794. Hays No. 56. 1795 head. A tiny dent and short, light scratch on Rev.; otherwise, while the surface of the obv. is slightly rough, the coin shows the barest touch of circulation. Every letter sharp and well centered. A dark steel color.

127—1796. Liberty cap. Doughty No. 71. High 6. Obv. very good. Rev. good. Scarce.

128—1796. Liberty cap. Doughty No. 74. Low 6. Strictly good. Scarce. Condition above average.

129—1796. Fillet head. Doughty No. 89. Very good, and every letter very plain, and the weakness of some is due to its being struck weak, not to circulation.

130—1797. With stems; single leaf on right stem of wreath. The indented edge variety. Doughty No. 93. Fine, light brown color. A very desirable cent.

131—1798. Large 8. Doughty No. 118. Very slightly nicked on obv. Very good, almost fine.

132—1801. With stems, perfect 1 of date and perfect fraction. Doughty No. 161. A trifle off center. The A in STATES weak. otherwise about fine. A very hard date to find so fine.

133—1802. No stems to wreath; single line to fraction. Doughty No. 165. Very good. The lower part of obv. roughed—seems from die.

134—1802. No stems to wreath; double line to fraction; double S last of STATES, and broken Rev. die. Doughty No. 166. About fine.

135—1802. Perfect dies; blunt 1s in fraction. Doughty No. 169. Fine. Scarce so choice.

136—1803. Perfect dies. Large $\frac{1}{100}$ and wide, large date. Doughty No. 186. A scratch in field back of head; otherwise a beautiful cent. Strictly fine, with some traces of red.

137—1803. Perfect dies. Large $\frac{1}{100}$ and small close date. Doughty No. 195. A little "frosty' surface. Unusually bold. Very fine.

138—1804. Perfect die. The word STATES is rather weak, but the rest of the coin is very plain and fairly bold struck. Can easily be classed as almost very good. Rare.

139—1805. Blunt 1 in date. A few immaterial light nicks. About fine.

140—1807. Small fraction. Doughty No. 204. STAT of Rev. almost obliterated, it seems, from die break. Slight nicks, otherwise very fine, with dark, glossy color.

141—1807. Large fraction. Doughty No. 206. Very few light nicks in field of obv. Fine. Chocolate color.

142—1808. The so-called "12 stars" variety. So called on account of only 12 stars showing, the star nearest to neck, owing to a defect in the die, not being struck up. Doughty No. 208. On this specimen the thirteenth star can be seen very easily, making it a most desirable coin. TA in STATES weak, otherwise about fine. One of the finest cents of this date I have ever handled. Rare.

143—1810. Perfect date. A very light and short scratch in field on obv. and a tiny nick on edge of Rev. Doughty No. 212. Very fine. Well struck up, and of beautiful color.

144—1811 over '10. The over-date showing plainly. Doughty No. 215. Rarity 4. Very good, almost fine. Rare date and variety.

145—1812. Large date. Doughty No. 217. Very fine, with light chocolate color. An uncommon coin, in scarce preservation.

146—1812. Small date. Doughty No. 219. The tops of STATES OF barely touch the edge. Extremely fine, of dark steel color. Scarce.

147—1813. Star on Right, close to date. Doughty No. 222. Rarity 3. Very fine, with slight traces of red. Dark olive. Rare. A choice cent for any collection.

148—1814. Without crosslet to 4 in date. Doughty No. 225. Very fine ,traces of red. Scarce.

149—1816. Bright red, uncirculated.

150—1817. Wide spaced date, 13 stars. Fine; traces of red.

151—1817. 13 stars. Curl to Right of date. Bright red; unc.

152—1817. 13 stars. Lower curl over 7 of date. Very fine, with proof surface.

153—1817. 13 stars. Lower curl between 1 and 7 of date. Surface a trifle rough. Very fine; traces of red.

154—1818. Die break connecting stars. Bright red; unc.

155—1818. Stars close to date and bust. Very good.

156—1819 over 1818. Large date. Very good. Scarce variety.

157—1819. Small date. Stars close and away from bust. Very good. 2 pcs.

158—1820. Small date. Very good. Scarce variety.

159—1820 over '19. Large date. Very good. Scarce variety.

160—1820. Large date. Large 2 in date. About fine.

161—1821. Very fair. Scarcer than '23. 3 pcs.

162—1822. Stars close and away from bust. Very good. 2 pcs.

163—1823 over 1822. Very good. Scarce.

164—1825. Perfect die. Circle inside beaded edge. A scarce variety. Extremely fine, with some original red. Barest touch of circulation. Every star sharp and perfectly centered. A scarce date in very rare preservation. Record over $10.00 for no better specimen than this one.

165—1826. Stars close to bust; wide date. Very good. A rare and unusual variety.

166—1826. Compact date. Very good.

167—1827. Curl over 2. Fine. Scarce.

168—1827. Curl over 7. I doubt if this cent has ever been in circulation; the very slight wear is, undoubtedly, due to cabinet friction. A beautiful light olive. Very choice, and rare preservation.

169—1828. Large date. Fine. Scarce.

170—1829. Large letters. O of ONE and E of CENT weak; otherwise fine.

171—1830. Large date and inner circle. Light dent on cheek. Extremely fine, light olive. Rare preservation.
